"Perhaps you would not think so, but a very large proportion of disease in New York comes from carelessness about catching cold," says Dr. Cyrus Edson. "It is such a simple thing and so common that few people, unless it is a case of pneumonia, pay any attention to a cold. There are a great many cases of catarrh and consumption which have their origin in this neglect of the simplest precaution of every day life. The most sensible advice is, when you have one get rid of it as soon as possible. By all means do not neglect it." Dr. Edson does not tell you how to cure a cold, but we will. Take Chamberlain's Cough Remedy. It will relieve the lungs, aid expectoration, open the secretions and soon effect a permanent cure. 25 and 50 cent bottles for sale by all druggists.

AMONG THE MARINERS.

Important Information Issued by the Lighthouse Board.

The Lighthouse Board gives notice that a bell buoy, black, no number, and rung by the motion of the sea, has been established in sixteen feet of water on the eastern end of Plum Beach Shoal, western channel of Narragansett Bay, Rhode Island, in place of black spar buoy No. 1, which is discontinued. Magnetic bearings, Dutch Island light-house, south by west; Two Brothers Rocks, east by south. To preserve the proper sequences of buoy numbers, the following changes will be made: James Ledge, from 3 to 1; Quonset Point Shoal, from 5 to 3; Warwick Narrows (west), from 7 to 5; Conimicut Middle Ground, from 9 to 7.

The dolphin of piles at the Icehouse Post Light, Thames river, Connecticut, has been carried away by floating ice. The fixed white light, heretofore exhibited from this dolphin, will not be exhibited until further notice from this office. Repairs will be effected as soon as possible.

The dolphin of piles supporting the fixed white light at Long Beach, (upper) Thames river, Conn., has been carried away by ice. Until repairs can be made, a fixed red light will be displayed on the east bank of the river, abreast of the dolphin. This red light should be left to the eastward.

Capt. Smith, of the British steamship Lady Palmer, which arrived in port yesterday morning from the Madeira Islands, reports that on Monday last, while at sea, he passed in view of a gigantic water spout.

The Lighthouse Board gives notice that the wreck of the former light-house in nine feet of water, of Solomon's Lump, south edge of Kedge straits, east side of Chesapeake Bay, has been carried away by the ice, and there is nothing left from which a light can be exhibited. The temporary light, heretofore maintained, has, therefore, been discontinued.

IT CURES DISEASE!

The Medical Profession Endorses Paine's Celery Compound.

This is from the writer of the prize thesis on Original Research, awarded by the Medical Chirurgical College in 1892, and published by the American Medical Press Company of Philadelphia:

In torpidity of the liver and nervous debility and kidney disorders, Paine's celery compound is like a charm, restoring the general nervous system and these organs to their normal activity very speedily. It is of inestimable value and possesses a wider range of action by far than any of the kindred remedies. Very truly yours,
H. L. CLAYTON, M. D.

STOCKHOLDERS' MEETING.
The New Steamer for the Washington Line.

At the annual meeting of the Washington and Norfolk Steamboat Company, held in Washington Wednesday, the following officers were elected for the present year: President, Wm. E. Clark; Vice President, Levi Woodbury; Treasurer, R. F. Baker; General Manager, John Callahan; Secretary, John Keyworth; Executive Committee, Wm. E. Clark, Levi Woodbury, H. Libby and George W. Pearson.

The finances of the company were found to be in excellent condition. General Manager Callahan, in reporting progress in the construction of the new steel steamer, stated that the vessel was so well under way at the Newport News ship yard that there was no doubt it would be ready for launching on the 1st of April.

A severe rheumatic pain in the left shoulder had troubled Mr. J. H. Loper, a well-known druggist of Des Moines, Iowa, for over six months. At times the pain was so severe that he could not lift anything. With all he could do he could not get rid of it until he applied Chamberlain's Pain Balm. "I only made three applications of it," he says. "And have since been free from all pain." He now recommends it to persons similarly afflicted. It is for sale by all druggists.
